NEXT MEETING. - - - 20TH JULY 2010. AT 7.00PM

We were a very small number last meeting, but it was still very enjoyable. Its good seeing the different orchids we are all growing, and discussing the different growing conditions each needs. So don't forget to bring any flowering specimens, also any problem plants.

We will be showing the Japanese floral art dvd.
Hopefully dirk will have time to report on the library book of the month.

I hope by now anyone wishing to go to the N.Z International Orchid Extravaganza show in Palmerston North on from 6th-13th of September. David and i are just going for the weekend, hopefully to learn a bit more, to buy some new plants, as there will be sales tables there. Let me know if you need a registration form.

Just in case you are still thinking of it here is a list of the speakers.

THURSDAY 9TH SEPTEMBER

9:20-10:20am NORITO HASEGAWA (U.S.A.) Multiflorals, What's new in Paphiopedilums.

SUNDAY 12TH SEPTEMBER

9:20 – 10:20am RUDOLF JENNY (SWITZERLAND) The genus Stanhopea
10:35 -11:35am KEVIN WESTON (S.A.) Contribution of orchid hobbyists to
Conservation
11:35 – 12:35am ROSS TUUCKER (N.Z.) The next generation of Cymbidiums
including the East meets West type.
1:30 - 2:30 am NORITO HASEGAWA (U.S.A.) How Paph species influence
their Hybrids.

Don't forget we have our show coming up in September too, so you need to be
preparing your plants ready for their big day!
After they have finished flowering they need repotting so i am including an article
from the latest C.S.A. Journal on potting cymbidiums.

See you Tuesday,
Pam
